We have formed new partnerships, for with **RESTAURANT PACKAGING GROUP, La Mirada, California** who we are so happy to say will now be helping us out with our ever growing inventory. Happily we have outgrown our current spaces. RPG will also be helping us with getting out our larger shipments. Thanks to all at RPG, and we are looking forward to working with you.

Another great new partnership for us has been **SJ & ASSOCIATES, - FOOD SALES SOLUTION, Pacific Palisades, California** who will be helping with marketing and Sales, Pure Napkin California!

There is so much for us at PNC to be thankful for. We are proud and happy to be supplying our “green” napkins to our many new clients! Businesses have choices everyday, we thank you for making this earth friendly choice.

Winning Best New Product at the Western Food Expo was also a fantastic moment for us this year! Thank you all for your earth conscious choice of giving your guests compostable, biodegradable products. Thank you all for also giving your guest simply a fun and entertaining product. Among our new clients, we are excited to announce that guests visiting the exclusive Club 33 at Disneyland will now be able to experience PNC products. We also want to say thank you to What the Fish Sushi, and also say Congratulations on your new restaurant! While we can't name every new client of ours here, we would like to take this time to say **THANK YOU** to everyone that has believed in PNC, and has felt that our products could contribute to their business.

We wish you and your loved ones all very Happy Holidays! With health, happiness, and prosperity for the New Year.
